

**Lost Dog** 12 years old, 14 pound long-hair mini-dachshund. Red blond color, blond hair on belly, black hairs on turned up ear tips. Joschi has been gone since 7/3/2021. Someone prevented him from returning home and he has been 'caught' several times by different people in different communities. He was originally 'dumped' in a neighboring community and is disoriented. He is still looking for his REAL family so he keeps escaping to try to return to his REAL family of 9 years. Last seen in the area of Friendship/Shadyside/Larimer. If you see him, take his picture and that of the person who 'HAS' him and call 412 721-0545 or 911. Joschi has a microchip that can be read for free by any vet, boarding kennel or dog catcher. His family's heart is aching to get him back home!! Please Help Us?!! 412-371-2219
