

Spirits

?Roaming The Earth?

And is it to be believed
That spirits really roam
the earth

And feel a fervent need to
come back

To their life or place of birth

And do they creep in our
homes at night

Where we hear those
sounds unknown

Trying to tell us in fact
That we are not alone

And do we get up and
look around

Almost scared right out of
our wit

Checking every nook
and cranny

And every corner bit by bit

And then asking ourselves
point blank

Are those spirits really
in flight

Or is it just our imagination
That's keeping us up

at night
