details.) Vendor Questions  
Due: August 21, 2023 by 4:00  
p.m. Bids Due: August 31,  
2023 by 2:00 p.m.

PWSA is requesting bids for  
the Highland Reservoir Pump  
Station Project–Electrical  
Contract. The scope of work  
generally includes electrical  
work associated with the  
construction of a new  
pumping station, rehabilitation  
of existing chemical facility at  
the Highland 2 Reservoir  
Effluent Gatehouse, and new  
chlorine residual monitoring  
shelter; acting as the primary  
interface between the other  
Contracts (1-General, 3-HVAC,  
4-Plumbing) and the new  
and/or existing electrical  
distribution system; all  
shut-offs, shut-downs,  
disconnections, removal  
demolition, and/or  
connections of equipment or  
materials to the electrical  
distribution system will be by  
the Electrical Contractor;  
assure power is provided to all  
new equipment included with  
this project, that existing-  
to-remain equipment  
maintains service, and that  
existing-to-be  
removed/demolished  
equipment maintains service  
until the point at which it may  
be operationally placed out of  
service as determined by  
Owner; and all other  
procurement/ installation/  
demolition/etc. work identified  
as the Electrical Contractor's  
responsibility in the Contract  
Documents.
