PWSA is requesting bids for  
the Highland Reservoir Pump  
Station Project–Plumbing  
Contract. The scope of work  
generally includes  
construction of plumbing  
piping, fixtures, and drain lines  
within new pumping station  
building and Highland  
Reservoir No. 2 Effluent  
Gatehouse; plumbing piping  
entering the building within  
five feet outside the building  
and all connections to site  
piping (to be coordinated with  
General Contractor);  
installation of emergency  
shower and eye wash  
stations; delegated design and  
installation of new fire  
protection system in chemical  
room, and delegated design  
and installation of a complete  
fire alarm system; demolition  
of plumbing fixtures, piping,  
and drains in the existing  
pump station and the  
Highland Reservoir No. 2  
Effluent Gatehouse;  
coordination with sequence of  
work for other Contracts  
(1-General, 2-Electrical,  
3-HVAC); and all other  
procurement/installation  
/demolition/etc. work  
identified as the Plumbing  
Contractor's responsibility in  
the Contract Documents. For  
details and to bid, visit:
