

Be Like The Dolphin

Wade free and easy in life
Don't let the worldly things
 get you down
Like the dolphin be smart
 and be gentle
And just glide through the
 waters around

Wear a smile like the whole
 world's watching
Though a splash of a tear
 may fall
And again like the dolphin
 in you
Flap your fins to the sound
 of it all

Yes be like the dolphin
 that's happy
And just go forth in the
 depths of your sea
And fish out every good
 opportunity
And snag it for all it can be
