

## Notification of Receipt of a Final Report

Notice is hereby given that Fownes Foundation is submitting to the Southwest Regional Office of the Pennsylvania Department of Environmental Protection (PADEP) a Final Report for a site located at Hulton Road, Bessimer Avenue, and Eastern Avenue, Plum Borough, Allegheny County. The report identifies an area of the site impacted by volatile organic compounds associated with an historical gas station and areas with soil impacted by arsenic. The site-specific standard will be applied to the identified impacts and the remediation will be elimination of potential exposure pathways using activity and use limitations, thereby demonstrating attainment of the site-specific and background standards. This notice is made under the provision of the Land Recycling and Environmental Remediation Standards Act, the Act of May 19, 1995, P.L.#4, No.2.
