"Seven Pleas"

(1) ...The highest mountain I would climb... Just to see you one more time.

- (2) ...No one could ever replace you... Or the way that I used to embrace you.
- gone it's a battle... For me to get back on that saddle.

 (4) ...Life could be a

gem... If you would come

(3) ...Since you've been

- back again.
 (5)...This lion has lost its roar... And you are the only
- roar... And you are the only cure.

 (6) ...Nice things can bring

such cheer... But only if you are here.

(7) ...The ocean is far and wide... But not as deep as

the tears I've cried.
