

BRANDON ROBERT DEAH

Your adventurous spirit had you enjoying living in various places for over the past 30 years with the most time being in South Florida . But Pittsburgh was where your heart felt was your true home. It has been one year since your passing but I can still hear your voice, your little funny sayings and your infectious laugh as clear as if it was just last week. Your love of family, friends and zest for life is being missed

by so many.

Keep making the magic happen my dear son.

Love ya, Ma.
