

A
"Doctoring"
(Kind Of Love)

And will I be that
"prescription"

That **"fills your every need"**
Or am I **"the broken bone"**
That's not strong enough to
do the deed

So will you **"cast"** me aside
And just

"wait for another patient"
To come and

"cure your ailment"
And **"patch up"** your
present frustrationt

If you're choosing
"not to examine me"
Then just scratch and
"cancel my appointment"
And I'll just

"seek another doctor"
With a
"different kind of ointment"
