

HANNAH RICHMOND RIERSON

Age 94, passed away on November 9, 2023, in her home at Longwood at Oakmont, Verona, PA. She was a lover of life, an avid writer/artist, an adventurous traveler and a lifelong learner.

Born in Pittsfield, MA, Nancy grew up in North Adams, MA, Daytona Beach, FL, and Bennington, VT and then Jaffrey, NH. She attended Abbot Andover Academy, Wheaton College, and earned a master's degree

from the University of Pittsburgh. After graduating from Wheaton, Nancy traveled to France, Spain, and Switzerland. She then worked in New York City as an associate writer (for whom?), where Hannah met her husband of 29 years, Harold H. Hammer.

Nancy and her family moved to Minneapolis in 1968 and later settled in Pittsburgh in 1972. After her positions as the Director of Communications at the Carnegie Museum of Natural History and Director of Communications at Chatham University, Nancy started and operated her own public relations firm. Nancy landed many clients in the Pittsburgh area, Upper St. Clair School District, Bethel Park School District, St. Barnabas Health System, and more. Later on, Nancy also served as a Trustee of Wheaton College and The Ellis School.

It was in Pittsburgh where Nancy's love for gardening and arts flourished. She joined the Garden Club of Allegheny County, and the Garden Club of Dublin, NH, where she enjoyed rural living in her family summer home. She took oil painting lessons to experience her natural surroundings, and learned botanic photography. She served as docent for several botanical gardens. In September 2019, Nancy was awarded a GCA club award from The Garden Club of Dublin for Garden History & Design. Nancy received numerous awards for botanical photographs, and received great praise for her art exhibition at Longwood community. It was also in Pittsburgh where Nancy cherished moments with her grandchildren. She took them to church at the Shadyside Presbyterian Church, celebrated all their concerts and graduations, and taught them many life skills.

Nancy loved to travel; she embraced the countries and cultures of Russia, Norway, India, Benin, Nigeria, Indonesia, Nepal, Japan, Thailand, Egypt and many more. After retirement, she fell in love with the exuberant colors of Phoenix. She explored and read extensively about Native Americans in Arizona, New Mexico, and Nevada. She visited many cliff dwellings and sites of cultural significance. During her time in Phoenix, she was also a docent at the Desert Botanic Garden in Phoenix and volunteer for Heard Museum. Nancy was an avid tennis player, golfer, skier, bridge player and loved to read.

Nancy lived a great life worth celebrating.
