

Notice of Intent to Remediate

Pursuant to the Land Recycling and Environmental Remediation Standards Act, the act of May 19, 1995, P.L. 4, No. 1995-2., notice is hereby given that 901 Pennsylvania SRR, LLC is submitting to the Pennsylvania Department of Environmental Protection a Notice of Intent to Remediate a site located at 901 Pennsylvania Avenue in Pittsburgh, Allegheny County. This Notice of Intent to Remediate states that soil and groundwater at the site is affected by lead. The proposed remediation measures will be pathway elimination through implementation of activity and use limitations. The likely planned future use of the property is nonresidential. The site-specific standard will be used to address the identified impact at the site. The Act provides for a 30-day public comment period for site-specific standard remediations. The 30-day comment period is initiated with the publication of this notice. Until December 16, 2023, the City of Pittsburgh may submit a request to AGI to be involved in the development of the remediation plan for the site. Lincoln Borough may also submit a request during this 30-day comment period to develop and implement a public involvement plan. Copies of these requests and of any comments should also be submitted to the Department of Environmental Protection at 400 Waterfront Drive, Pittsburgh Pennsylvania, 15222.
