

PHILIP EUGENE NARCISI

November 13, 1944 - November 17, 2022

Phil, you will always be remembered as the strongest, kindest, most loving and generous man we ever knew. Your life was spent taking care of your family, giving up what you wanted so that we would have what we needed. You worked so hard to provide for us. Your motto was family first. Your last days were spent in the hospital suffering in silence from too many conditions to list but you

never once complained. You set an excellent example for all of us. We feel your loss every day. Life is so empty without you. We pray you are at peace with the lord and the rest of your family.

Love,

Your wife, daughter, grandchildren, great-grandchildren,
in-laws, nieces, and nephews.
