AVAILABILITY
UNITED STATES MARINE
CORPS (USMC)
FINDING OF NO
SIGNIFICANT IMPACT FOR
THE IMPLEMENTATION OF
THE 2023 – 2027
INTEGRATED NATURAL
RESOURCES
MANAGEMENT PLAN
(INRMP) AT U.S. MARINE
CORPS RESERVE CENTERS
CLINTON, PA; AND
ADDITIONAL LOCATIONS**

In accordance with the Sikes Act (16 United States Code [U.S.C.] Section 670a et seq.), National Environmental Policy Act of 1969 (42 U.S.C. Section 4321 et seq.), Council on Environmental Quality regulations (40 Code of Federal Regulations [CFR] Parts 1500–1508), Marine Corps Order 5090.2, and the USMC NEPA Manual, an Environmental Assessment (EA) has been prepared for the implementation of the 2023 Integrated Natural Resources Management Plan (INRMP) at Marine Corps Forces Reserve Centers (MARFORRES) Clinton, PA and additional locations and that a Finding of No Significant Impact (FONSI) has been signed.

The Proposed Action is to implement the 2023–2027 MARFORRES INRMP for Clinton, and additional locations that fully meets the requirements of the Sikes Act. The goal of the INRMP is to implement an ecosystem-based conservation program that provides for the conservation and rehabilitation of natural resources in a manner consistent with the military mission. Alternatives considered include implementing the Proposed Action or not implementing the Proposed Action. Based on the EA analysis and the coordination with applicable State and Federal Agencies, the public, and Native American authorities, the USMC finds that implementation of the Proposed Action would not significantly impact the quality of the human or natural environment. The Proposed Action would have direct, long-term, beneficial impacts to natural resources. Accordingly, an Environmental Impact Statement will not be required and a FONSI has been issued. Interested parties may request a copy of the EA and FONSI for this action from: Richard Godchaux in writing at Marine Forces Reserve, 2000 Opelousas Avenue, New Orleans, Louisiana, 70114; or via e-mail: richard.l.godchaux@usmc.mil.
