The Pittsburgh Water and  
Sewer Authority (PWSA or  
Authority) is requesting  
qualifications statements for  
Miscellaneous On-Call  
Engineering Services to  
establish a pool of qualified  
firms capable of completing  
various capital improvement  
(CIP) and operating projects on  
an "as needed" basis.  
PENNVEST funding  
requirements may apply to  
the solicitation. PWSA intends  
to pre-qualify at least three  
firms for each category  
identified in the Scope of  
Work. Pre-qualified firms will  
be solicited by the PWSA's  
Procurement Department to  
provide proposals generally  
estimated up to \$1,000,000.  
Subsequent Requests for  
Proposals (RFP) will outline  
specific selection criteria for  
each project. Future projects  
may be federally funded by  
EPA financial assistance  
dollars and therefore requires  
all Consultants to  
demonstrate compliance with  
federal Executive Orders  
11625, 12138, and 12432 and  
EPA Regulations at 40 CFR  
Part 33, through the detailed  
documentation of solicitation  
of Disadvantage Business  
Enterprises (DBEs).  
Consultants must  
demonstrate the Six Good  
Faith Efforts to identify and  
solicit DBE firms that are  
potential sources for any  
procurement action in the  
areas of project construction,  
equipment, services, and  
supplies by including state  
qualified small businesses,  
and minority and women  
owned business enterprises in  
the bidding process. Further  
information regarding this  
RFQu can be viewed and
