

Because Of You

You taught me the meaning
of respect

You taught me the meaning
of care

You taught me when things
go wrong

Let the lord take the reigns
from there

You taught me the meaning
of humble

You taught me the meaning
of love

You taught me to any one
person

To never put myself above

And you taught me that the
world is full

Of people that may feel hate
And that I should never
think to retaliate

For I'd be a fool for the bait
