

GREGORY "GREG" A. DYSON

Age 60, of Imperial, passed away on Saturday, April 6, 2024, in his home.

Greg was born on September 30, 1963, in Pittsburgh, the son of Robert Dyson and the late Susan Dyson (Herlinger).

Greg found immense joy in his work as an air traffic controller, a job he often described as "getting paid to have fun." But his true passion was for the people in his life. He possessed a

tremendous heart, overflowing with generosity and a deep capacity for love. Family and friends were everything to him. He had a special love for all the people in his life, but especially his girls. Greg's wife, Carol, and their daughter, Sara, were his world. He adored them and the time the three were able to spend together was something that he always made the most of. Greg's greatest source of pride was his daughter, Sara. Seeing her become the woman she is today filled Greg with so much joy. He will surely be missed by all who knew him.

Surviving along with his father, Robert, are his loving wife and best friend of 29 years, Carol Dyson (Alpert); daughter, Sara Dyson; sisters, Julie Dyson and Jennifer (Scott) Hammerstrom; and his four-legged boys, Wyatt and Virgil.

Memorial details will be available through the **THOMAS-LITTLE FUNERAL HOME** website. Donations may be made to World Central Kitchen, a humanitarian organization Greg admired greatly, at WCK.org.
