

# *Little Miss Poopadoo*

Yes poor Miss Poopadoo  
Couldn't help what she was  
going through

For she would forever pass  
gas in public  
So she went to see Doctor  
Dublick

He told her that it was  
incurable  
And that her passing gas  
was beyond deplorable

He practically threw her out  
of his office  
Because he was starting to  
feel very nauseaus

She left there consuming  
her chocolates  
And her bombs went off like  
rockets
