BUILDING
CONSTRUCTION &
ADMINISTRATION
BUILDING RENOVATION
PUBLIC NOTICE**

The Findlay Township Municipal Authority owns and operates a public wastewater system serving Findlay Township, Allegheny County, Pennsylvania. The Authority's wastewater system consists of a treatment plant, pump stations and a collection system. The Authority is pursuing PENNVEST funding for this project. This process requires the Authority to notify and allow the general public to comment on the project. The Authority proposes construction of a new building to accommodate operations staff, laboratory and equipment. The project also includes renovations to the existing office building to better accommodate the administrative staff. Work will occur at the existing wastewater treatment plant property located at 90 Strouss Road Imperial PA. It is anticipated that the user fees will not change based on this project. This project is being considered for a Categorical Exclusion from environmental review requirements. This notice begins the 30-day comment period to allow the general public to review and comment on the proposed project. The general public may review the proposed project plans at the Authority office at 90 Strouss Road, Imperial, PA 15126. Written comments should be provided to the Findlay Township Municipal Authority, at PO Box 409 Clinton PA 15026. The Findlay Township Municipal Authority will respond to any comments before taking any action on the project.
