

MARGARET STANKO (MOM)

6/7/17 - 8/3/00 - 2/2/06

They know what they really did and are morally tormented by what they should have done and will forever be haunted by lurid secrets they keep until facing Her vengeful God. You were shown no Mercy, deprived of a "Higher Caring." Conspired and colluded against. Wrongly inaccurately portrayed by being depicted as fat, old, worthless and without any meaningful existence. Given no true consideration. Tritely

unreasonably overruled. Allotted no real deliberation. Rendered a heartless verdict - which is a hurtful, insulting, **egregious mockery of justice**. You were ever calm, cheerful, and healthy. Never claustrophobic/anxious or some "unlucky soul." Rather, you were one in a million and would have been alive and well, not laying wrathfully restless, needlessly inscrutably, butchered, illicitly impurely, debrained, profanely irreverently desecrated, and unethically buried in p-i-e-c-e-s. A caring, giving, beautiful, **INNOCENT MOTHER**. Deeply missed. Always remembered. Eternally loved. **24 Years** of traumatic stress. Who will admit/confess? Who will help? **Fiat justitia, et pereat mundus.**
