

## **NOTIFICATION OF ACT 2 REPORT SUBMITTAL**

Notice is hereby given that Neville Township (owner/remediator) has submitted a Remedial Investigation Report/Cleanup Plan (RIR/CP) to the Pennsylvania Department of Environmental Protection, Southwestern Regional Office, to demonstrate attainment of the site-specific standard for the 13.5-acre Site located directly north of the Ohio River, east of the I-79N exit ramp, and south of 5701 Grand Avenue, in Neville Township, Allegheny County, Pennsylvania. The RIR/CP indicates that the remediator will attain a residential site-specific standard for lead and arsenic in soil via pathway elimination through establishment of appropriate engineering controls. This notice is made under the provision of the Land Recycling and Environmental Remediation Standards Act, the Act of May 19, 1995, P.L. #4, No. 2.
