

Notice is hereby given that Almono LP has submitted a Risk Assessment Report to the Pennsylvania Department of Environmental Protection, Southwest Regional Office, to demonstrate attainment of the site-specific standard for the former LTV Hazelwood Coke Plant - Areas A and B located in the City of Pittsburgh, Allegheny County. Almono LP has indicated that the remediation measures taken have attained compliance with the site-specific cleanup standard established under the Land Recycling and Environmental Remediation Standards Act. This notice is made under the provision of the Land Recycling and Environmental Remediation Standards Act, the Act of May 19, 1995, P.L. #4, No. 2.
