

Hitachi Rail STS USA, Inc., headquartered in Pittsburgh, PA, seeks a Senior Installation Engineer to work in unanticipated locations throughout the U.S. The employee will have to relocate, but travel is not required from any particular location. The Senior Installation Engineer will be responsible for the planning, design, installation, and maintenance of various railway systems and infrastructure. This role plays a crucial part in ensuring the safe and efficient designs of railway networks. Apply at: <https://careers.hitachi.com>
