Bev spent most of her working years as an office manager at McCauley, Celin and Associates. The time she spent there, and more importantly the friendships she made are some of her most treasured. All of her grandkids refer to her as Beesha, which was given to her by her oldest grandson. It was her badge of honor. She loved crafting, sewing, going to the cabin in Clarion with her family, riding the fun bus, going to lunch with friends, and spending time reading her bible and praying. One thing Beesha loved the most was spending time with her family, watching Disney movies with her grandkids and taking them to Disney World. She always needed to know everyone was happy and satisfied. Every Thanksgiving Beesha would make her famous turkey soup and everyone loved it. Beesha loved watching everyone enjoy what she made, it was her way to love. She was a genuine woman of faith, strength and integrity. The legacy she has left behind is one that can be unmatched and she touched countless lives. We are proud to have been able to call wife, mother, Beesha and friend.
