The Pittsburgh Water and Sewer Authority (PWSA) is requesting Proposals for Construction Management and Construction Inspection (CM/CI) services for the 2025 Catch Basin and Inlet Replacement Contract which includes rehabilitation of PWSA's catch basins and inlets within the public sewer system. PENNVEST funding requirements will apply to the project. This project is being federally funded by EPA financial assistance dollars and therefore requires all contractors to demonstrate compliance with federal Executive Orders 11625, 12138, and 12432 and EPA Regulations at 40 CFR Part 33, through the detailed documentation of solicitation of Disadvantage Business Enterprises (DBEs). Contractors must demonstrate the Six Good Faith Efforts to identify and solicit DBE firms that are potential sources for any procurement action in the areas of project construction, equipment, services, and supplies by including state qualified small businesses, and minority and women owned business enterprises in the bidding process.
