

Seven Pleas

(1)... The highest mountain I would climb
Just to see you one more time

(2)... Since you've been gone it's a battle
For me to get back on the saddle

(3)... How life could be a gem
If you'd only come back again

(4)... Nice things bring such cheer
But only if you are here

(5)... This lion has lost its roar
And you are the only cure

(6)... The ocean is far and wide
That's how many tears for you I've cried
