

Poem In Titles Of "Food"

His reputation was
at "**Steak**"

And he had to prove the
skeptics wrong
In them saying he was full
of "**Baloney**"
In writing his one hit song

And he had to prove em
wrong and fast
Cause writing songs was his
"**Bread & Butter**"
And so just to "**Egg**"
them on

He would answer them in a
form of a stutter

But they'd laugh saying he
was off his "**Noodle**"
And that maybe he had
gone "**Crackers**"
But the law was firm in
"**Bacon**" County
For they just refuse to
sponsor hackers

But this respectable
writer John "**Rice**"
Just wrote them off as
full of "**Beans**"
Who had nothing else
better to do
Than to stomp on a
writer's dreams
