PWSA is seeking qualified  
Construction Management  
and Construction Inspection  
firms that are financially and  
technically qualified to  
perform the scope of services  
for the 2023 Small Diameter  
Water Main Replacement  
Program. PWSA plans to enter  
into three separate  
construction contracts for  
qualified firms to manage. This  
project is being federally  
funded by EPA financial  
assistance dollars and  
therefore requires all  
contractors to demonstrate  
compliance with federal  
Executive Orders 11625,  
12138, and 12432 and EPA  
Regulations at 40 CFR Part 33,  
through the detailed  
documentation of solicitation  
of Disadvantage Business  
Enterprises (DBEs).  
Contractors must  
demonstrate the Six Good  
Faith Efforts to identify and  
solicit DBE firms that are  
potential sources for any  
procurement action in the  
areas of project construction,  
equipment, services, and  
supplies by including state  
qualified small businesses,  
and minority and women  
owned business enterprises in  
the bidding process. Further
