

HarbisonWalker International, Inc. (HWI), located at 1001 Pittsburgh-McKeesport Blvd., West Mifflin, PA is applying to the Allegheny County Health Department (ACHD) in accordance with Article XXI, Section 2103.14 c. for a minor operating permit modification. The minor operating permit modification is to change the pressure drop range of the Norblo dust collector. HWI is proposing the pressure drop range for the Norblo dust collector be 0.1 inches of water, gauge, to 8 inches of water, gauge. The modification of the pressure drop range of the Norblo dust collector will not increase the amount of PM emitted. Comments on the modification of the pressure drop range of the Norblo dust collector should be sent to Program Manager, Air Quality Program, Allegheny County Health Department, 301 39th Street, Bld. #7, Pittsburgh, PA 15201-1811, and George Monasky, Sr. Env. Eng., HarbisonWalker International, Inc., 2000 Park Lane, Ste 400, Pittsburgh, PA 15275 within 21 days of the date of this notice.
