

STUART DODGE FOX

One of the kindest, smartest and most passionate gentlemen passed away on November 16, 2024. Stuart Dodge Fox lived his life to the fullest for 91 years. He had many loves: his first wife, Patricia, who preceded him in death; and Nancy, who enjoyed 29 years of marriage, joy and companionship with him; his beloved stepchildren, Eric Westling Fox and Micaela Fitzsimmons and their families; his wonderful sister

and brother-in-law, Mitzi and Mac Wylie. Flying - he was a pilot with the Air Force and Reserves for 27 years. Golf - he would have played every day if Pittsburgh weather allowed. Selling insurance - he made his clients feel like family and that he had their back. Plum Lake, Wisconsin cottages - given to his family by his father for Christmas 80+ years ago; it was the place he felt the most himself. Christmas - his trees and ornament collection were epic. His standard poodles, Madeline and Sophia, were a source of daily happiness. And friends - he gathered them so easily and always had a warm smile and hearty greeting for all. The world is a little less bright without Stuart. May peace be with him. The funeral will be scheduled for a later date. Memorial donations may go to Old St. Luke's Church.
