

Hitachi Rail STS USA, Inc., headquartered in Pittsburgh, PA, seeks a Senior Signaling V&V Engineer to work in Pittsburgh, PA, and unanticipated locations throughout the United States. The employee will have to relocate, but travel is not required from any particular location. The Senior Signaling V&V Engineer will deliver very complex (in terms of number of interfaces and/or contract value) signaling systems and subsystems that meet signaling system and subsystem requirements in compliance with project schedule and budget.
