

Public Notice is hereby provided that the PanTerraVida Private Society, a recognized Ecclesiastical Sovereign Body Politic, and the Court of the People thereof, has acknowledged and accepted into its permanent archival records the Court of Record established by Tyree Dante Andre, House of Carlins, pertaining to ALLEGHENY COUNTY COURT OF COMMON PLEAS Case No. AR-21-004014. All publicly issued charging instruments, court orders, and docket entries entered into Case No. AR-21-004014 have been accepted and returned by Tyree Dante Andre via Non-Negotiable Notices of Acceptance to the issuers thereof and he has expressed his trust and appointed trustees for purposes of settlement and closure of the account. All trustees have accepted trusteeship without disclaimer, the trust was vested, and trustees were issued orders with instructions for settlement and closure. Notices of fault, default, and dishonor were issued due to lack of response and failure to comply with a demand for accounting by the beneficiary. Trustees are in breach of trust and are now holding the liability for the closure of all charges. The matter is now a point of record as an account closed, the case is settled, res judicata. All parties purporting to a prior, equal or superior claim must put forth such claim published in this periodical or via registered mail to PanTerraVida Court of the People, to the attention of Clerk of Court, to the location provided at www.panterravid.org/contact-us, within sixty (60) days following the first publication of this notice. Judgment Order in the said Court of Record has been ordered and the matter is settled and complete, and there is no evidence to the contrary. Failure to state a claim during the stipulated period will become a matter of record in said Court of Record and thereafter shall bar by permanent and equitable estoppel any being, party, person or entity from doing so thereafter.
